

ERS 16 Link Light System

ERS 16 LINK LIGHT SYSTEM WITH SECURING BRACKETS

The ERS 16 Link Light System has an energy saving light source to reduce energy consumption up to 80%.

Design Details

- Portable
- Neoprene seal between aluminum housing and cap
- Resilient pad protecting the tube from damage
- Low heat generation – no risk of fire
- Impact proof and shock resistance
- Flicker free and glare free illumination
- Oil-resistant HO7RN-F cable
- Connection sockets IP67 rated

Technical Data

Light source TCL/840	2x18W
Capacity	2.400 luminous Flux
Lamp Weight	2,6kg (each)
Voltage	110v
Protection class	CEE IP67
Dimensions	320x145x120mm
Approvals	CE - NATO
Burning Lifetime	20,000h

1 x 10 metre cable to supply main light, second light supplied with link cables, all fitted with IP67 plugs and sockets.
